Ragstone Models

Ragstone Models produces a growing range of Loco, coach and wagon kits, plus water columns/cranes and Bufferstops.

We also produce nearly 1000 high quality whitemetal or lost wax brass detailing parts for locomotives in the following groups:

- BR Standard: - Parts for 2-6-0, 4-6-0, 4-6-2, 2-10-0, all variants of tender plus a full selection of AWS fittings
- LMS – Royal Scot and Duchess etc, plus some MR and L&YR
- LNER – Gresley and Peppercorn pacifics, plus other Gresley locos and some NER
- GE – R24/S56 (LNER J67-9), L77 (N7), 209 (Y5), D56 (D15/6), T19/26 (E4) and tenders
- SR – Rebuilt Bullied pacific
- 7mm Narrow gauge – K1 Garratt, CVR Sharp Stewart, plus some general fittings
- Wagon parts
- Coach parts

Most of these fittings will be common to other locos from the same railway/designer - Please visit our website to view photos or download a detailed 18 page list!

A paper copy is also available by post @ £3.00 inc postage

For detailed descriptions and further details of our kits, please visit our website

Loco Kits

Our original range of steam loco kits (LK1-LK4) have been unavailable for some years now, but still remain some of the most detailed kits of their prototypes produced. Some are available ready to run and we are considering reintroducing them in kit form as time permits.

We also produce the Agenoria range of loco kits – see www.ragstonemodels.co.uk/agenoria for details of over 50 kits of small and industrial type locomotives

Ordering

Parts Marked N.Y.A. will be available later – for information, please email, or provide an SAE for notification when they are ready.

All Kits and parts can be ordered direct from us - please add £3.00 (parts), £4.00 (Lineside/small kit) or £12.00 (loco & large coach kits) for postage.

***Payment by bank transfer available or by cheque payable to:
